Bird Feeding

Please do not feed the native birds, such as the yellow crested cockatoo, as it is harmful to their health and creates a menace to guests.

Local Hints

As you are in the tropics, it is understandable that a cool house is an open one. As desirable as this may be, we recommend utilising the fly/insect screens and keeping them closed at every available moment to deter insects and birdlife from entering your unit.

Road Rules

If you have use of a buggy you will need to be aware of the Hamilton Island Road rules. It is important that you abide by these rules to ensure your buggy is not confiscated by Security.

Maintenance

For all non-urgent maintenance matters, please assist us by leaving a note on the kitchen bench. For all urgent maintenance, please call our valet/caretaker – Number given to you on arrival.

TV Reception

Due to its remote location, Hamilton Island experiences intermittent difficulty with TV reception and clarity. Should you be hoping to catch a specific program we suggest you arrange someone at home to record it for you whilst you are on the Island.

As properties are equipped with DVD equipment, we suggest you bring your favourite DVD's or alternatively utilise the Island video store.

BEACH or POOL TOWELS are available in most apartments, please confirm with our office.

Your booking does not include the use of the Resort's poolside beach towels as you have chosen to stay in our luxury "private" accommodation.

Hair dryers - Most properties will supply hairdryers, however, they sometimes burn out and/or are accidentally popped into the past guest's luggage, so we do recommend you bring your own hair dryer if it is a valued necessity.
